VOL. 44 — No. 33

## PASS GARDEN CLUB HOLDS MID-SUMMER MEETING IN BAY ST. LOUIS MONDAY 12

Organization Which Draws Its Membership From Two Cities Has Pleasant Meeting at Which Report of Rose Garden Visit and Talk on Ferns Featured Program

The Pass Christian Garden Club which numbers among its members several Bay St. Louis residents, held its mid-summer meeting Monday afternoon in the home of Mr. K. W. Pepperdene of Citizen street, with Mrs. J. C. Buckley and Mrs. Harry da Ponte, both of Bay St. Louis, as cohostesses. The attendance was quite large and a group of friends joined the club members for the afternoon's meeting.

Miss Nannie Sutter of Pass Christian, president, presided. She was welcomed after an absence of two months spent at Cape Cod with Mrs. Thornhill Broome, who spends her winters in Pass Christian. Miss Sutter contributed a highly interesting account of her visits to some rose gardens in the Cape Cod section of which she showed photographs. She explained the varieties of roses which flourish in the New England section and told something of their culture which differs greatly from that in the Coast area. She emphasized the value of planting many roses of a kind to achieve a fine effect at the blossoming period.

The guest speaker for the afternoon was Miss Nannie-Mayer Crump of Gulfport who discussed Ferns, telling something of the life history of ferns, their plant classification, and gave in detail the types of ferns which flourish in Harrison and Hancock Counties. She showed specimens of most of the Coast ferns. It is of interest to note that less than a dozen distinct varieties grow in Harrison and less than half a dozen more grow in Hancock county, these additional ferns being found in the Logtown area and near Pearl river and Honey Island swamp.

One of the highly interesting Coast ferns, the polypodium, sometimes called the resurrection fern, which is characteristic of the Coast and which grows on oak trees along the limbs, is found in excellent quantities at the Pepperdene home. Most unusual is the growth of the polypodium on a pear tree, as is seen growing at the entrance of the Pepperdene home on two hoary pear trees.

Only routine business was conducted by the club. The next meeting will be held September 15, at the home of Miss L. C. Del Bondio of West Beach Boulevard, Pass Christian.

At the close of the meeting the hostesses assisted by Miss Estelle Pepperdene, daughter of one of the hostesses, served afternoon refreshments. The punch table was arranged on the front porch. The green punch on which floated mounds of orange ice was served with green and orange iced cakes.

The Pepperdene home is a most interesting example of early Americana as exemplified by the building of French-Spanish settlers in the Mississippi Coast section. The tall blinds reaching from floor to ceiling and the French doors which open from each window are reminiscent of the past and are especially typical of this area. In keeping with the quaintness of the blinds and their interesting iron bolts of yesterday, turtle wall baskets were hung on the porch and contained colorful leaves of caladiums and a vase of which decorated the living room where also brilliant rose zinnias were used on the mantel.

### Son of Supervisor Narrowly Escapes Serious Injury

Frank Wheat, son of John Wheat of Flat Top, supervisor for beat 2, suffered an injury to his neck and back Sunday afternoon when he dived from a swing at Henderson Point into the waters of the Bay of St. Louis, striking the sand.

He narrowly escaped "breaking his neck" it is reported when the accident occurred. He was taken to the King's Daughters Hospital for treatment and later went to his home.

### Supervisors In Session This Week

The supervisors of Hancock county are in session this week having met last week, the regular date, but recessed due to election day. This week the board is meeting and recessing day by day. Routine matters are occupying the members. In addition complaints on personal assessments are being heard.

## OPENING COUNTY SCHOOLS

First Three of Rural Schools Open 1935-36 Sessions Monday Morning

Three of the rural schools of Hancock County opened their 1935-36 sessions last Monday morning, August 12, and all report large enrollments although no data of the exact enrollment are as yet available.

The three schools opening last Monday were Sellers, Dedaux and Kiln. The first two named are line schools with Harrison county. All three have high school departments. R. M. Currie is superintendent of Sellers school for the ensuing session, having been added to the faculty this session. L. Z. Seal will again head the school at Kiln and M. L. Richardson at Dedaux.

All three schools have done considerable work in needed repairs about the buildings and work on the campuses in preparation for school opening. Dedaux especially has undergone extensive improvements on the grounds, the entire tract belonging to the school being made into a park effect. Improvements in the home science department for which a home science cottage has been constructed and for which a large amount of equipment has been purchased including adequate sewing machines, assure a good plant for the present session.

## TWO HANCOCK CO. MEN IN RACE FOR STATE SENATORSHIP

Pittman and Fleming Eliminate Biehl For Second Primary Race

Hancock county is especially interested in the race for state senator from the 40th District which comprises the counties of Hancock, Pearl River and Lamar, because this year, in accordance with the custom, Hancock County is to furnish the state senator.

Three candidates entered the race, all residents of Hancock County: namely, Frank B. Pittman, W. J. (Bill) Fleming and Albert D. Biehl, and they led the ticket in the order named.

Mr. Pittman, a farmer resident from near Picayune, former Hancock County farm agent, was a visitor to Bay St. Louis Tuesday and furnished The Echo with the tabulated votes of the three men in the state senator's race from the three counties. This tabulation follows:

Pittman, total, 5440, as follows: Hancock, 1156; Pearl River, 2521; Lamar, 1763.

Fleming, total, 3445, as follows: Hancock, 1125; Pearl River, 1381; Lamar, 939.

Biehl, total, 2187, as follows: Hancock, 1083; Pearl River, 536; Lamar, 568.

This means that Pittman who led the ticket and Fleming who came second will run off the race in the second primary two weeks hence.

### Patients at Hospital

Mrs. Ethel Armstead of Logtown is a patient at the King's Daughters and Son Emergency Hospital. She suffered a stroke of paralysis some two weeks ago and her condition is reported as showing a slight improvement.

Mrs. Easton Cuevas of Standard is a medical patient at the hospital. Mrs. Hubert Nease of Standard is at the hospital under treatment for an infected foot.

Joe Dedaux of Sellers has returned home after two weeks treatment at the hospital. He had suffered a paralytic stroke but is greatly improved.

### WOMAN'S SOCIETY MEETING

The Woman's Missionary Society will meet on Tuesday the 20th at 3 o'clock at the home of Mrs. Donald Marshall.

## Leading Candidates In Mississippi Gubernatorial Race

PAUL B. JOHNSON

HUGH L. WHITE

## WAVELAND CHURCH FESTIVAL

Extensive Preparations For Annual Event For St. Claire's August 17-18

Extensive preparations are being made for a highly successful festival on the grounds of St. Claire's Catholic Church, Waveland, the afternoons and nights of August 17-18, beginning at 5 p. m. The general public is invited to attend and participate in all of the numerous entertainments to be furnished.

"Bring your family and have supper" is the invitation issued to the public. Supper will be served both nights of the festival. Music will be furnished by the Bay St. Louis Municipal Band.

Mrs. Ed. C. Carrere is general chairman for the affair and she is being assisted by a large group of committees, each designated to some particular work.

## Thief Takes Not Only Cash But The Cash Register Also

Not to be content with taking money from a cash register, some unknown party or parties took the cash register and its contents from the office of the Bay Ice and Bottling Works on Railroad Street Monday night. It is estimated that approximately \$45 was taken, in addition to the cash register itself.

It is reported that the theft occurred when the workman was engaged in his duties somewhere to the back of the plant. No trace of the machine or money has been found, it was said.

## DISTRICT RED CROSS MEETING WILL BE HELD IN BAY ST. LOUIS, OCT. 7

Geo. R. Rea, Chairman of Hancock County Chapter, Has Been Named District Chairman and Has Invited National Head of Organization to Attend

Bay St. Louis will be host October 7 at the district meeting of the American Red Cross, this including the counties of Hancock, Harrison, Jackson and Stone. At least 100 delegates and members of the Red Cross are expected to attend the annual district meeting, which will be held for the first time at Bay St. Louis. Heretofore, the district meetings have occurred annually at Biloxi, but this year a rotation will be observed with Bay St. Louis chosen as the convention point.

George R. Rea, Bay St. Louis, chairman of the Hancock County Chapter of the Red Cross, has been named district chairman for the ensuing year and will preside at the district meeting. He has written to Admiral Cary T. Grayson, head of the Red Cross, his personal friend and fraternity brother, inviting him to attend the meeting at Bay St. Louis.

Miss Mollie Hodges Nicholson, field representative for South Mississippi of the Red Cross, spent last Saturday in Bay St. Louis conferring with Mr. Rea relative to the district meeting. The principle business of the district meeting will be the presentation of the annual Roll Call program and a round table discussion of general Red Cross work.

## AQUATIC EXPERT TO VISIT

Harry Kenning, Field Representative of Red Cross, Will Conduct Life Examiners Tests

For the first time the American Red Cross is sending a field representative to Bay St. Louis to conduct life examiners tests, according to announcements made here this week. Harry Kenning, known along the Coast for his work with the Red Cross, will visit Bay St. Louis for tests the first week of September. He has conducted classes in Gulfport and Biloxi but this will be his first official visit to Bay St. Louis. He is ranked as an outstanding specialist in the field of aquatic training.

In preparation for the visit of Mr. Kenning, classes in junior and senior life saving are being conducted in Bay St. Louis by Miss Lucille Besancon, ERA recreation director, who attended the Red Cross aquatic school in Brevard, N. C., earlier in the summer. Those who pass the tests as senior life savers are eligible to take the life examiners tests. Miss Besancon is anxious to have a large group take the tests during Mr. Kenning's visit which will be under the auspices of the Hancock County Chapter of the Red Cross.

From August 12 through August 25, daily, Miss Besancon is conducting the life saving classes. Juniors, that is, from ages of 12 to 17 years, are being taught from 3 to 4 p. m. and seniors, that is from 17 years upward, are taught from 4 to 5 p. m. No charge is made for the life saving work and everyone interested is welcome to attend. At present between 15 and 20 are participating in the junior life saving courses daily, and a small group is doing the senior work.

## FOOTBALL BUILDING STARTING

Work Begins on Frame Building For Use of High School Athletes

A frame building 30 x 50 feet is being constructed on the high school athletic field on Dunbar avenue between Carroll and Ulman avenues, work on which began last Friday. It is expected to complete the building for use by the time that practice for fall football starts. Supt. S. J. Ingram stated.

This building was secured for the use of the school athletes through the PEERA which furnishes the labor, the city having supplied the building materials. Willie Sick is foreman on the construction job.

The building will contain showers, lockers and dressing rooms for the football players.

## ALLEGED SLAYER BOUND OVER TO THE GRAND JURY

Hearing Held at Bay St. Louis Thursday Morning—Held Without Bond

Ed. Oliver, 55, alleged slayer of his son, Albert B. Oliver, 27, whom he shot last Thursday, week ago, after a preliminary hearing held yesterday (Thursday morning) at the Courthouse in Bay St. Louis, was bound over to await the action of the Grand Jury at its September session. Oliver is being held without bail.

Judge August Ruhr presided at the hearing and Oliver was represented by Attorney R. L. Genin. The story of the shooting of young Oliver will be found elsewhere in this issue of The Echo.

## ACTIVITIES OF HANCOCK COUNTY E R A LIBRARY

Review of Month Club Meeting of Interest—Miss Crawford Elected Secretary

Miss Louise Crawford has been elected secretary of the Board of Managers of the Hancock E. R. A. County Library.

A gift of fifty-one books for children has been made to the library by Mrs. W. A. Dearman of Pass Christian.

An eagerly attentive, attractively bemused audience attended the August meeting of the Review of the Month Club in the library rooms on Tuesday the thirtieth. The Current Events program was given by Mrs. C. M. Weeks, who, with a skillful flair for interest in the news, presented her thumbnail sketches of present day happenings with genuine charm and humor. While Italy prepares to dynamite world peace with war on Abyssinia, the Egyptian Department of Agriculture is helping forward a lesser war within the confines of the United States: it is shipping us just the right kind of beetle to exterminate the pink boll weevil. Still lower in the intricate scale of physical conflict on the earth, the dreaded infantile paralysis microbe has brought youthful disappointment to many a Bay St. Louis home; its sudden appearance in different sections of the South has caused the International Jamboree of the Boy Scouts to be abandoned for this year. Economic prosperity seems to be returning to this part of the country, as indicated by the fact that the present building program is greater than any the South has known since 1931. England is treating crime with so many kindnesses and educational facilities in her prisons that a good many ambitious but penniless people are going to no end of trouble to have themselves arrested.

The peak event of the Review of the Month Club's meeting was, as usual, the morning's book review, on this occasion a dramatically compiled outline of Nijinsky, the biography of the Russian dancer of that name, delivered by Mrs. L. W. Jacobs. With a delicate but consistently sympathetic grasp of her subject, a work so ponderously intricate in its descriptions of people and occurrences as to be almost impossible of brief, complete discussion, Mrs. Jacobs drew for her listeners the poignant, distressing outline of the book. Nijinsky, a youthful prodigy, was born in 1890 of Polish parents, marking the fourth generation of dancers in his family.

The biography, written by Romola Nijinsky, his wife, deals with the dependent, work-driven personality of the artist and his brilliant career with the Imperial Ballet; his meeting with that superbly gifted but spiritually warped patron of the arts, Diaghileff, and later with Romola, who had become a dancer in order to follow and marry him. Much of Romola's account of it all is taken up with the story of her successful struggle, once she had accomplished her purpose, to free her husband from the hold that Diaghileff possessed over the mind and being of anyone whose fortune he promoted.

Infuriated at the change in their relationship, Diaghileff was forced to continue to present Nijinsky on the stage. But the double triumph came too late to save the good sense of the tortured genius. Patron, wife, art, had become inextricably interwoven, in the emotionally unstable mind of Nijinsky, in a pitiful and final dance macabre. Only music, of curiosity for experimental reasons, you tamper in his hearing, with the arrangement of any of his strange musical compositions.

clings in the loneliness of madness, to his knowledge of what was apparently, for him, an inviolable passion. He will know and correct you if, out of curiosity for experimental reasons, you tamper in his hearing, with the arrangement of any of his strange musical compositions.

## TWO OFFICERS ELECTED AT FIRST PRIMARY; OTHERS TO BE IN RUN-OFF

A. G. (Red) Favre Clerk, and George Leonard Cuevas, Tax Assessor, Declared Nominees; Also Chas. B. Murphy, Supervisor Beat 1, is Elected.

## SURFACING BEGUN ON SHORT-CUT

Work in Progress on Mississippi Side Between Pearl-river and Highway Number 90

Black top surfacing of the Mississippi gravel road from the Pearl-river bridge over the East Pearl river to United States Highway No. 90, which covers 5.2 miles and is Mississippi's share of the New Orleans short cut to the Gulf Coast, has begun and was in progress Saturday at a point near the middle of the stretch.

Men in charge of this surfacing work and of the grading of this stretch said that the surfacing of the Mississippi road with an asphaltic emulsion will be completed by the time the Louisiana highway construction work on the nine miles between the Rigolets and Pearl-river is done. A. P. Tugwell, chairman of the Louisiana Highway Commission, stated on July 26 that, weather conditions permitting, the Louisiana stretch will be completed by October 1.

The Louisiana section of the short cut, which is to bring the Gulf Coast about 22 miles nearer New Orleans for motorists, comprises the three one-half miles from the Rigolets bridge to the West Pearl river bridge and the stretches between the five bridges recently completed with federal funds over West Pearl river, West Middle river, Middle Middle river, East Middle river and East Pearl river.

Much of the asphaltic emulsion has been applied already to the stretches between the five bridges, where grading has been in progress for months. A short strip just west of the West Pearl river was in process Saturday of being prepared for reception of the surfacing mixture.

At two points on the final western stretch between West Pearl river and the Rigolets bridge, the work has been begun on filling station and refreshment structures which are to be operated on the new highway.

Looking east from the Rigolets, there is no adequate indication of the work that is being done along most of the short cut, the finishing of the job having been planned so that the section of the road in sight of the present highway to Slidell will be the last to be completed.

The same method has been pursued on the Mississippi end of the short cut. At Pearl-river the grading work is in evidence everywhere and the surfacing has been started about half way to Highway 90. At the junction of the short cut with Highway 90 there is no sign of the opening of the new link between New Orleans and the coast as yet.

Louisiana Highway Commission workers have used a 13-mile gravel road out of Slidell to reach most of the short cut stretch with their oil, their graders and their men, so that until the final mile and a half of the western end of the short cut comes under intensive activity, the traveling public will have no view of the work in progress.

Announcement of the grading and surfacing of the Mississippi five-mile stretch followed the allocation of funds of the federal bureau of good roads of Mississippi, and announcement of the speeding up of Louisiana's portion of the undertaking followed the allocation of federal funds for Louisiana highway construction and improvement.

### BENEFIT DANCE

A dance will be given Monday night, August 19, at the W. O. W. Hall for a "worthy cause" to which the public is invited. A special attraction will be the mid-night floor show at which Mat Maurigi and her entertainers will be the feature. Saucier's New Orleans Boys will furnish the music.

clings in the loneliness of madness, to his knowledge of what was apparently, for him, an inviolable passion. He will know and correct you if, out of curiosity for experimental reasons, you tamper in his hearing, with the arrangement of any of his strange musical compositions.

Following the official tabulation of ballots in Hancock County from the first primary election held Tuesday of last week, it is determined that A. G. (Red) Favre was re-elected clerk of the chancery and circuit courts, and George Leonard Cuevas is the nominee for tax assessor. Due to the withdrawal from the second primary of August Holden, Chas. B. Murphy was declared the nominee for Supervisor of Beat 1. Mr. Holden tendered his withdrawal to the Hancock County Democratic Committee at its meeting Thursday morning held especially for the purpose of naming election managers for the second primary, two weeks hence. In naming this list, only one change was made from those who served at the first primary, it was stated.

The official tabulation of votes from Hancock county is published elsewhere in The Echo.

As a result of the first primary those who will have a run-off in the second primary for county and beat offices follow:

Frank B. Pittman and W. J. (Bill) Fleming for State senator.

Lucien M. (Push) Gex and Otho Rester for representative.

Horace L. Kergosien and Claude Monti for sheriff and tax collector.

Emile J. Gex and Edward I. Jones for county attorney.

Kenneth G. McCarty and D. J. Everett for county superintendent of education.

H. Wilbur Driver and T. Ed Keller for supervisor, Beat 5.

Jack Lott and D. M. Ladner, for Supervisor, Beat 4.

Calvin Shaw and Mack A. Harrell for Supervisor, Beat 3.

John B. Wheat and Willie Thigpen for supervisor, Beat 2.

In the race for justice of the Peace for Beat 5 there will be four to run-off in the second race, the two high men to be declared nominees. Those in the second race are: Caspar M. Burdahl, Leon B. Capdepon, Alcide Ladner and August Ruhr.

Mark O. Oliver and Gerald Price for constable, Beat 5.

Mark O. Oliver and Gerald Price for constable, Beat 5.

## CRAFT AGAIN HEADS DELISLE SCHOOL 6TH CONSECUTIVE TERM

Bay St. Louis Resident Has Directed Development of School to "A" Standing

C. E. Craft of Bay St. Louis will again head the DeLisle School as principal for the sixth consecutive term. He has directed the development of the school from C class thru B rating and this past session saw the school grow to the coveted A rating by the state school commission. Last year a total of 130 pupils were enrolled.

Mr. Craft has been in attendance at the summer school of Tulane University working on his master's degree. Members of the faculty of DeLisle School for next year in addition to Mr. Craft include: Miss Ruth Favourette of Gulfport, newly elected, who graduated at State Teachers College last June, and who will teach departmental work with Mr. Craft in the fifth, sixth, seventh and eighth grades; Miss Oma Fowler of Rose Hill and Gulfport, who returns to teach the third and fourth grades; Miss Elizabeth Hesni of Greenwood who will again teach the primary and first grade. The teacher for the second grade is yet to be named.

### CELEBRATES BIRTHDAY

Audrey Givens, daughter of Mr. and Mrs. Rogers Givens of Leonhard avenue, celebrated her 12th birthday with a party Monday afternoon. Twenty young playmates participated in the party which was featured by a program of games and stunts led by the aunt of the honoree, Miss Lucille Besancon, in which prizes were awarded to the successful contestants. The birthday cake was served with punch.

### WBA BENEFIT HEART PARTY

Misses Genevieve Monti and Marie Vassali, will be co-hostesses at a Heart Party, benefit of W. B. A. to be given Monday night, August 19, 7:45 o'clock, at the home of Miss Genevieve Monti, 803 Carroll avenue. Tally 10c. Public invited.

## SHORT CUT NEARING COMPLETION

WHILE many of our readers and others have almost lost hope for the early completion of the Mississippi-Louisiana Shortcut, news comes that Mississippi highway builders have promised completion of that section of the New Orleans short-cut highway to the Gulf Coast by the time Louisiana has finished its link, previously promised for October 1. Men were busy Saturday with surfacing work at about the middle of the five-mile stretch from Pearlington to Highway 90 in Mississippi north of Bay St. Louis. A short strip just west of the West Pearl river bridge in Louisiana has received asphaltic treatment.

We have so long waited and already wished for the realization of this well-nigh dream that to note its accomplishment is at hand is hard to realize. However, it appears the shortcut thru two States and open to traffic will become a reality sooner than anticipated and surely this will be good news to the public.

We for one welcome the Shortcut. It spells for economy both in time and actual cost of transportation, to say nothing of wear and tear. This section is open to the world. It is a great resort, for health and pleasure. The distance to New Orleans will be much closer. Hundreds of thousands, possibly more, who do not travel this way as frequently as they might, will come in unlimited numbers.

First thing we know some aviator will start out on a trip to some star. He might make a part of the distance, at that.

## HOW QUICK CAN YOU STOP?

SOME time ago a questionnaire was submitted to motorists by the city of Memphis concerning the distance necessary for stopping cars going at given speeds. The survey demonstrated that the average driver has an exceedingly poor conception of stopping distances—and that he believes he can bring his car to a halt in a much shorter space than is actually required.

For example, drivers were asked how many feet would be needed to stop a car with four-wheel brakes moving at a speed of 40 miles per hour on an ordinary highway. Two per cent of the drivers answered ten feet or less; 15.9 per cent answered 11 to 20 feet; the heaviest majority, 23.2 per cent, answered 21 to 30 feet, and 14.1 per cent answered 31 to 40 feet.

The true answer is 80 feet—and it was given by less than 6 per cent of the drivers. Only a majority of motorists realize that, no matter how good a car's brakes, it is impossible to stop within fifty feet—that a car going 40 miles an hour will skid farther than that with locked wheels.

Memphis has provided a good example showing that we vitally need continuous and intensified "schooling" for drivers—and that the driver who has operated a car for twenty years should be given attention, as well as the beginner.

Adequate knowledge of the limitations and capabilities of the motor car is a fundamental of accident prevention.

## BEWARE OF EASY MONEY

TIME and again we have advised readers of The Echo to beware of get-rich-quick schemes. While it is natural for most people to want "easy money" there is very little opportunity for the average citizen to cash in without effort. The safe plan is to leave schemes alone and stick to some endeavor with which you are familiar.

Karl A. Crowley, Solicitor of the Post Office Department, says that American citizens contribute "several hundred million dollars annually" to swindlers who operate through the mails. The capacity of individuals to bite on worthless and exploded schemes to amass fortunes is amazing.

Individuals, ordinarily sane and collected, will spend their money on chances that involve almost impossible tales. Favorite baits are unclaimed riches about to be forfeited, mines in Spain, lost heirs, and such things as oil wells, leases about to expire, and, of recent memory, chain letters.

## LIONS, HE SAYS, ARE TIMID

IT MAY interest some readers of the Echo to know, on the opinion of Mr. James Fitz Patrick, that lions in Africa were too timid to do their stuff before his camera and that, in one instance, a crowd of native children by throwing stones, dispersed a lot of lions after they had made a kill.

We have seen lions in our day that gave appearance of ferocity and some of the reading matter that we have come across also conveyed the same general idea. It is good to learn, however, in case we need the information, that a lion can be routed by pellets of stones. The idea has backing, it seems, in the way domestic dogs flee when a man stoops to get a rock off the ground.

## A "PUBLIC PURPOSE"

THE Federal Circuit Court of Appeals at Cincinnati recently decided that the United States Government could not condemn private property for the purpose of constructing low-cost housing prospects and removing objectionable slums because this did not constitute a "public use."

It has been planned to remove unsanitary and improper living quarters at Louisville, Ky., and in place thereof to build reasonable housing facilities within the reach of laborers and others with low incomes, thus improving their places of living. The eminent Federal judge decided that "the construction of sanitary houses to sell or lease to low-salaried workers or residents of slum districts" was not a "public use."

We rather feel that such a construction is too narrow for the present day. It is undeniable that slum districts are prolific breeders of vice and crime. They are menaces to the public health, as well. When private initiative, demanding a good return on the money invested, sometimes an exorbitant return is unable to make the improvements, it would seem to us to be within the range of government, if it is operated for the public welfare, to meet the needs.

Human happiness must come first in this country. Old concepts of law or property rights must be adjusted so that the lives and happiness of families, including women and children, be promoted. In the above case the Government was not confiscating private property it sought to condemn but would have paid the owner its fair value. To allow one private owner of property to stop a great improvement, carrying with it better homes for hundreds of families, is to allow theoretical conformity to traditions to become a menace to social reform and betterment.

The reason some states have foolish laws is because they have foolish people, and foolish lawmakers.

## CAN YOU ANSWER "YES?"

MOST of us, knowingly or otherwise, take chances with fire. And that's a game in which the player always loses. He can't win.

Here's a simple little questionnaire that may aid you in eliminating common fire risks—and may also give you an inkling into the unnecessary chances you have been taking:

Have your furnace, its pipes, and other heating devices and equipment been recently inspected and approved by an expert? Has your electric wiring likewise been checked by an approved electrician—not by an amateur? Do you make it a practice to keep your basement, attic and unused rooms free from accumulations of paper, rags and other waste? Do you keep your property free from dry grass? Do you store explosive and inflammable liquids in safe places, and in approved metal containers? Do you take constant care with matches, tobacco and smoking materials? If you have done any building or remodeling, have you conformed to an up-to-date building code calling for the most approved construction and the most fire-resistant materials? And, finally, do you take advantage of expert inspection services offered by fire marshals, insurance organizations and other bodies?

If your answer to any of these questions is "No," you are taking chances with fire. You are imperiling your property and that of your neighbors—and perhaps imperiling lives as well. Most fire hazards can be eliminated with but a small expenditure of either time or money—and whatever investments you make will pay big dividends in safety and security.

It won't be long now before the schools will be open to receive the study-starved pupils who have no idea how good a thing a school is.

## BACKBONE OF TRANSPORT

IN spite of all claims to the contrary, the railroads remain the backbone of the nation's transportation system.

Other carriers may supplement the rails and perform a valuable service. But it is a limited service.

Trucks can handle but a fraction of the nation's freight, and almost none of its heavy, transcontinental freight—wheat, machinery, etc. Buses can provide inexpensive and excellent short-haul passenger service—but the vast bulk of travelers still go by rail when embarking on a lengthy journey.

There are definite limits to the airplane—its high cost, its relatively sparse coverage of the nation, its inability to handle freight.

The waterways are limited by geography and by seasons. In addition, they have proven to be constant money losers, and can only be kept in operation by vast governmental subsidies.

The railroads touch every portion of the country. They provide service to remote areas, tiny hamlets, little known farming and mining districts. They run on regular schedules. They provide maximum service at a minimum cost. The railroads did much to bring civilization to the wilderness in the beginning of this nation's expansion—they do much to keep civilized places from degenerating back to wilderness now.

In addition, the railroads are one of our greatest taxpayers, employers, purchasers of supplies. They offer a gigantic market in normal times for lumber, steel, copper, coal. They are a bulwark of all industry—and an essential public servant.

## PROTECT OUR LAND

WIND or water erosion is given credit for the destruction of 51,465,097 acres of formerly good farming soil. The area is almost as large as the State of Kansas, although it is, of course, distributed more generally.

Federal authorities predict that a continuation of the present lack of attention to this situation will mean that our agricultural lands will continue to be lost to these natural forces, which have been aggravated by the methods we have adopted, cutting down our forests and unwise methods of agriculture.

## WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

### MISSISSIPPI'S CHANCE

(N. O. States)

SENATOR Pat Harrison, chairman of the powerful Senate Finance Committee and one of the Roosevelt leaders at Washington, tells of Mississippians that the state is offered an opportunity to complete a system of hard-surfaced roads at a minimum of cost to its taxpayers.

In a brief statement he issued Wednesday at Gulfport, Mr. Harrison said that at his instance President Roosevelt had recommended to WPA officials the earmarking of at least \$15,000,000 of funds for Mississippi roadbuilding to be matched by the state on the new 55-45 per cent basis. WPA officials have assured the senator that if Mississippi will do its share the federal grant will be made.

The senator says that in advancing the proposition to the president he has had the solid support of the entire congressional delegation of Mississippi and has every reason to believe citizens of the state are practically unanimously in favor of it. If, therefore, the next governor, whoever is elected, and the Legislature will work in harmony for the good of the state, thus putting themselves in line with public sentiment, the federal money will be forthcoming, to carry through the project. At the same time, he warns, for the executive and legislative branches to come into conflict and disagreement might be to lose the \$15,000,000 to some other state.

MISSISSIPPI is sadly lacking in main modern highways. To reach the Gulf Coast in some cases involves detours into Louisiana and other states. This is the result of political quarrels between the two branches of the government, resulting in deadlocks and the defeat of necessary legislation. That bickering should come to an end in favor of action based not on who is to get the credit, but on what is best calculated to promote the general welfare of the state.

We hope the branches of the incoming administration will take Senator Harrison's advice and make one of its first most enactments sound highway legislation to get the federal money practically already earmarked for Mississippi by Mr. Harrison's action. Whenever Mississippi gets a modern aerial highway system, there will be a huge increase in the number of persons from all parts of the country that will visit it, and we have a selfish interest in that, for few Northern, Eastern and Western visitors will travel our sister state from

### FOR THE FUTURE

(Meridian Star)

THE Natchez Garden Club is deserving of high commendation for its work in the restoration of the ancient Spanish building where Major Isaac Guion raised the first United States flag over Louisiana Territory.

The building itself is one of the most interesting examples of Spanish architecture in this part of the country and for that reason, if for no other, should be preserved for posterity.

But there are other and more important reasons:

We should hold fast to the old historic relics as reminders of the faith and the courage and the sacrifices that were required of our forefathers in the building of this great nation. In the distant future little will remain except printed pages in books—and how much more real and interesting and instructive are actual buildings, documents and other articles than the printed word or picture!

This state has a wealth of old homes of historic interest that should be restored and preserved and we hope that efforts of the Natchez Garden Club will be duplicated elsewhere.

### STILL A STATE

(Jackson (Miss.) Daily News)

MISSISSIPPI for Mississippians! That's a good slogan.

Why should Mississippi hinge the pregnant knee to Huey Long, hoping that some lousy form of thrift or graft might follow fawning?

Mississippi owes no obligation whatever to Louisiana, but Louisiana does owe a great deal to Mississippi. That state, and particularly New Orleans, takes a great deal of our money away from us.

However, we are still strong enough, and self-respecting enough to stand squarely on our own feet.

Certainly, we do not want to be annexed as a province of Louisiana, as Huey Long so repeatedly boasts he intends to do.

Furthermore, Huey will try to do it. Make no mistake on that point.

Huey always endeavors to make good on his boasts if they do not involve a display of physical courage.

We are still a sovereign state. At least, the constitution says so.

We won't be if Huey is allowed to gain any semblance of control or is given the least degree of encouragement.

The Tennessee line to the coast without coming to New Orleans and Louisiana.

## INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

WARNER Brothers will produce a picture entitled, "Public Enemy's Wife."

Warren Williams and Josephine Hutchinson will co-star in "A Present From Margate."

Frank Morgan will temporarily move to Paramount Studios to appear in "Anything Goes," with Bing Crosby.

Ethel Merman will soon begin work with Eddie Cantor in "Shoot the Chutes."

Mrs. Lester Carter recently lost most of her cherished silverware, which she says has been in her family for several generations. Burglars

also carried off a number of furs.

Instead of a year's absence, W. C. Fields' doctor says that the comedian may be able to return to work in about two months.

Sylvia Sydney, who possesses Hollywood's smallest waist, claims that she doesn't diet and takes very little exercise.

Joe Penner has returned to Hollywood where he will make another comedy.

Fred Stone makes his screen debut with Katherine Hepburn in "Alice Adams."

Charles Laughton playing Captain

## IT'S TRUE!

By Wiley Padan

"IT'S TRUE! that men, women and minors recently took part in three separate contests conducted by the Melbourne Herald, Australia's leading paper, to determine their favorite screen stars," says artist Wiley Padan. "Norma Shearer was first in all three ballots!"

## Now! AT ALL PAN-AM STATIONS

Bligh in "Mutiny on the Bounty," became so seasick that he couldn't eat.

Gun experts will be required to examine all antique firearms during filming of "Captain Blood" and "Frisco Kid." Russ Colombo, it will be remembered, lost his life when he was shot by a supposedly unloaded gun.

Harold Lloyd has twenty-seven telephones connecting with garage, servant quarters, pavilion, playhouse, swimming pool, tennis court and parts of his house.

Franchot Tone has a good baritone voice and is seriously interested in studying for opera.

Charles Boyer, who made such a hit in "Private Worlds," will only sign a six months' contract. He wishes to work in France one half of each year. He is to be starred with Marlene Dietrich in "Invitation to Happiness."

Grace Moore was once a Sunday school teacher and was ambitious to become a missionary.

Irene Dunne will knit herself a dress of blue yarn during the making of her next picture. She expects to take about two months to complete it.

Joan Bennett has a radio clock which wakes her at six every morning with sweet tones instead of using an alarm clock.

Lucien Littlefield has refused \$25,000 for his collection of clothes and costumes.

John Gilbert has been seen frequently of late with Mary Astor.

Old Lady to Old Tar—Excuse me. Do those tattoo marks wash off? Old Tar—I can't say lady.—Brooklyn Daily Eagle.

### KINDNESS

When the years slip by and your memory runs back over the path you have trod, you will be glad that you stopped to speak to every friend that you met, and left them all with a warmer feeling in their hearts because you did so.

You will be glad that you were happy when doing the small, everyday things of life; that you served the best you could in life's lowly round. You will be glad that men have said all along your way: "I know that I can trust him. He is as true as steel." You will be glad that there have been some rainy days in your life. If there were no storms that fountains would dry up; the sky would be filled with poisonous vapors, and life would cease.

You will be glad that you stopped long enough to read carefully and with a prayer in your heart some part of God's message to those that He loves. You will be glad that you shut your eyes tight against the evil things that men said about each other, and tried the best you could to stay the arrows winged with poison. You will be glad that you brought smiles to men and not sorrows. You will be glad that you have met with a hearty handshake the hard things which have come to you, never dodging them but turning them to the best possible account.

### Now and Then

An American film actress was applying for a passport. "Unmarried?" she was asked. "Occasionally," she answered.—London Opinion.

# ALLEGED SLAYER OF SON TO BE GIVEN PRELIMINARY HEARING THIS THURSDAY MORNING—IN JAIL AT GULFPORT

Additional Details of Occurrence—Defendant Says He  
Shot Son After Latter Had "Grabbed" Him—  
Two Bullets Prove Fatal

Held in Hancock county jail in connection with the pistol slaying of his son, Albert B. Oliver, a 28-year-old former member of the Civilian Conservation Corps, the youth's father, Edward E. Oliver, 55, was expected to appear before Justice of the Peace August Ruhr at Bay St. Louis was not held Friday morning of last week as announced due to the fact that Oliver's attorney, R. L. Genin, announced he was not prepared and asked for a continuance until Thursday morning of this week, 10 o'clock, which request was granted.

Oliver, was taken from the Hancock County jail to Harrison county, and placed in jail at Gulfport, where he will remain until called for hearing.

In addition to the story of the Oliver tragedy, which appeared in last issue of The Echo, the elder Oliver was said to have shot his son on the Blue Meadow Road, four miles north of here, yesterday after a brief altercation which so far has been unexplained, according to official reports of the tragedy.

The conflict between father and son, according to officers, was the result of differences of long standing in the Oliver household, possibly complicated by current Hancock county politics, in which the two Olivers were said to have been aligned on opposite sides in a contest in which Mark O. Oliver, brother of Edward Oliver, was a candidate for constable in the Bay St. Louis district in August 6th primary election.

## Was CCC Worker

The younger Oliver, who returned here six weeks ago from a six-month enlistment in a CCC camp, also was said to have resented a divorce suit filed by his father against Mrs. Rosabella Oliver, the youth's mother.

Albert Oliver, it was said, had supported his mother, whose divorce decree was issued on January 15 of this year by Chancellor D. M. Russell, who allowed her two cows and a section of two rooms of the family home in Blue Meadow Road, four miles west of Bay St. Louis, in lieu of attorney's charges and alimony.

Under the decree, Mrs. Oliver was permitted to separate the two rooms from the family dwelling and move them to another lot.

Young Oliver was shot, allegedly by his father about 110 feet from the gateway of the family lot, as he was walking northward on the highway from the house of his uncle, Mark Oliver, Bay St. Louis night police officer.

The shooting was without witness-

es, although Edward E. Oliver, Jr., 16, youngest member of the Oliver family, said he saw his brother, Albert, stagger and clutch at his throat, after the boy had heard two shots while he was playing in front of his father's home.

**Says Son Threatened**  
Re-enacting the tragedy, Oliver described his position. Officers said he declared he shot after his son had "grabbed" him and threatened him. Two shots struck young Oliver, both said to have been fired from an automatic pistol, which the youth's father surrendered to Sheriff T. Ed Keller after he was brought to Bay St. Louis by Constable Mitchell. One shot struck the shoulder, apparently from the back, and ranged downward to the left lung, and the other pierced the right side of the neck, immediately above the collar bone.

Blood stains on the road near the scene of the shooting indicated that young Oliver had walked nearly 300 feet on the highway near his father's house between the time of the shooting and the time he sat down by a roadside ditch and died.

## CCC UNFILLED

The CCC quota of 600,000 stands little chance of being filled by August 31st. On July 27th enrollment was 413,000. Eligibility now depends upon members in a family on relief and half of the states are far behind on their quotas.

# DR. ERNEST S. LEWIS DEAN NEW ORLEANS MEDICAL MEN DIES

Father of Late Dr. H. S. Lewis of Bay St. Louis  
Closes Long and  
Brilliant Career

Dr. Ernest S. Lewis of New Orleans, dean of New Orleans medical men, and oldest graduate of Tulane University, died Monday morning at Touro Infirmary following an illness of several months. He was in his 95th year. Dr. Lewis was the father of the late Dr. H. S. Lewis of Bay St. Louis who died some two years ago. Many Coast residents valued the services and friendship of the deceased and review with pride his long and successful career.

Funeral services were conducted Tuesday morning, 11 o'clock, in New Orleans.

Dr. Lewis won many honors as surgeon, medical teacher and executive. Graduated from Tulane University, then known as the University of Louisiana, in his 21st year, his brilliant record as a student won him immediate appointment as acting house surgeon at Charity hospital. Leaving that post to join the Confederate army during the War between the States, he returned to it after Appomattox, with the full title of house surgeon, his added years enabling him to meet the age requirement that necessitated his earlier designation as "acting" surgeon.

After he entered private practice, Dr. Lewis continued to serve Charity hospital as member of its visiting staff and chairman of its board under four governors. In the '70s he was appointed to the faculty of the Tulane medical school, holding its chair of obstetrics and gynecology from 1876 until 1912. One of the founders of the Orleans Parish Medical Society, he was for many years an active prominent member also of the state and national associations of his profession.

Through the years Dr. Lewis enjoyed an extensive private practice, won nationwide fame in his chosen surgical field and the confidence and affection of the community which he served so long and faithfully. Advancing age at last forced his retirement from active practice, but he maintained his keen interest in the community and its affairs to the end. His passing is sincerely regretted throughout New Orleans and the South.

## Safety First

"I see you're letting your little boy drive your car."  
"Yes, he's still too young to be trusted as a pedestrian."—Boston Transcript.

# A good cigarette, too needs Balance—

And that's why the tobaccos in  
Chesterfield are carefully balanced  
one against the other... not too  
much of one—not too little of  
another.

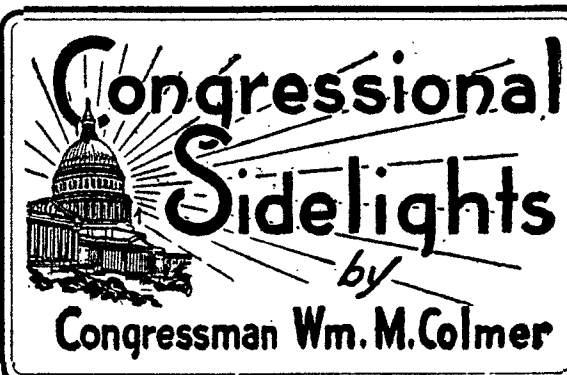

We take the right amounts of  
the right kinds of four types of  
tobacco—Bright, Burley, Mary-  
land and Turkish.

It is this balancing of tobaccos  
that makes Chesterfields milder  
and makes them taste better.

Chesterfield... the cigarette that's *MILDER*  
Chesterfield... the cigarette that *TASTES BETTER*

© 1935, LIGGETT & MYERS TOBACCO CO.

## CHAIN STORES

A special committee was appointed some time ago to investigate an alleged "super-lobby" being organized with headquarters here under the name of the American Retail Federation. It was charged that the purpose of the organization was to lobby for legislation that would freeze out the independent merchant. The resolution providing for the investigation stated that \$750,000 has already been pledged to the Federation by the largest department and chain stores in the country. The committee is headed by Representative Patman of Texas, who is the author of the bill now before the Judiciary Committee which will compel manufacturers and wholesalers to give the independent merchants the same prices and terms as the larger concerns. The Special committee developed through testimony before it that, through secret rebates, special discounts, etc., the chain stores were placed in a greatly favored position, often being able to sell goods at the price paid for the same goods by the independents. Soon after the investigation began, up, but a fund of \$7500 additional the American Retail Federation broke has been given the special committee to carry on its work.

## Rural Electrification

A program has been worked out by the Rural Electrification Administration for bringing electricity to an additional 350,000 farm families through Government aid to public and private power systems. The program anticipates an expenditure of \$95,000,000 and the aid would be in the form of 20-year loans at three per cent interest. However, there has been some objection to the Government's loaning money to private utility companies.

## Adjusted Service Certificate

There has been some talk of tacking the payment of the adjusted service certificates onto the tax bill as a Senate rider, but at a recent meeting of a number of Senators interested in the payment of the bonus, at which I had the privilege of attending as representative of the House Steering Committee, it was agreed that it would be better to wait until we return in January. This agreement was reached only after the assurance was received from Senator Robinson, the Majority Leader, that the question would receive early consideration at the next session. It is my thought and the opinion of many others who have actively worked for the payment of these certificates that victory is in sight.

## Old Age Pensions

The report of the conferees on the Social Security Bill has been agreed to by both Houses. It is now up to the State Legislature to provide funds for matching the Federal contribution.

"Did you pass your exam?"  
"Well, it was like this—you see—"  
"Snake. Neither did I."—Brown Jug.

# Local Woman Wins Recipe Endorsement In National Contest

Mrs. T. T. Robin, Box 215, Waveland, Mississippi, residing in Waveland Estates, away for the summer, has just been awarded a Certificate of Recipe Endorsement by Better Homes and Gardens for her recipe, "Cocoanut Mousse."

This certificate, which brings national recognition to Mrs. Robin, is given by Better Homes & Gardens only to distinguished recipes which pass its testing kitchen's tests for dependability, excellence of taste, and family usefulness.

In addition to the signed certificate, Mrs. Robin also received six copies of her endorsed recipe, each bearing the Better Homes & Gardens stamp of recipe endorsement, which she can give to her friends.

In awarding these certificates, it is the magazine's aim to provide proper recognition for the creative work done by women in their own kitchens, and also to raise the standard of accuracy and dependability of recipes as a whole. No other magazine or institution gives this personal recognition and service to its subscribers.

Mrs. Robin's endorsed recipe follows:

## Cocoanut Mousse

1 pint heavy cream, whipped  
4 tablespoons confectioner's sugar  
1/2 teaspoon almond flavoring  
1 fresh cocoanut, grated.  
Whip the cream until stiff then fold in the sugar, flavoring and the cocoanut. Place in the freezing tray of a mechanical refrigerator and freeze without stirring. Cut into squares or slices or place in sherbet glasses for serving.

# Many Choirs Rehearse For Song Fest At Gulfside, September 1

Continued preparations are being made for the annual song fest at Gulfside, which is to be held this year Sunday afternoon, September 1, 3:30 o'clock, on the grounds of this interesting negro institution.

Choirs from all parts of the Coast are rehearsing in anticipation of the fest in which hundreds of trained voices participate and which is witnessed annually by thousands of spectators from all parts of South Mississippi and nearby states.

## PROFIT

Between March 15 and June 15th the Postoffice department sold \$1,663,717 worth of imperforated and ungummed postage stamps to collectors.

## FOR ARMY OFFICERS

Army officers are glad that the President has signed the bill regulating promotions, which have been out of joint since the World War. Half of the commissioned personnel will be raised one rank.

## PROTECT ALL BANKS

The "G-Men" of the Department of Justice will soon take over the protection of all banks insured by the FDIC, which includes 14,280 banks, national and state.

## PEACE "ARMY"

A world army of fifty million men and women is to be mobilized by the Women's International League for peace and freedom.

## IF

If any little word of mine  
May make a life the brighter,  
If any little song of mine,  
May make a heart the lighter,  
God help me speak the little word,  
And take my bit of singing  
And drop it in some lonely vale  
To set the echoes ringing.

If any little love of mine  
May make a life the sweeter,  
If any little care of mine,  
May make a friend's the fleetier,  
If any lift of mine may ease  
The burden of another,  
God give me love and care and strength  
To help my toiling brother.

—(Author Unknown)

## STUDIES CHARGES

A partial survey of the charges made by Ewing P. Mitchell, ousted Assistant Secretary of Commerce, in regard to the Shipping Board's dealings with steamship companies, reveals no criminal infraction according to Assistant Attorney General Keenan.

## SMALL COINS

The House Coinage committee, doesn't favor giving the Secretary of the Treasury too much power in issuing small coin and consequently the bill to coin mill and half cent pieces has been delayed.

## TEXTILE LOSSES

All divisions of the cotton textile industry operated at a loss during the last half of last year, according to the Trade Commission's study in accordance with the agreement terminating the textile strike of last September.

# Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25% more for your money.

## NOTICE OF SALE

Whereas, on the 15 day of March, 1923, Ed. L. Willets and Wife, Bernelia Willets, executed a deed of trust under the terms of which the hereinafter described land was conveyed to the Trustee named therein to secure the payment of a certain indebtedness therein mentioned and described, which said deed of trust is of record in FFL Book 1, Page 37, of the Mortgage Records in the office of the Chancery Clerk of Hancock County, Mississippi; and the undersigned was substituted as trustee in said deed of trust by an instrument of record in Mortgage Record Book 30, Page 36, of the records of said office, and

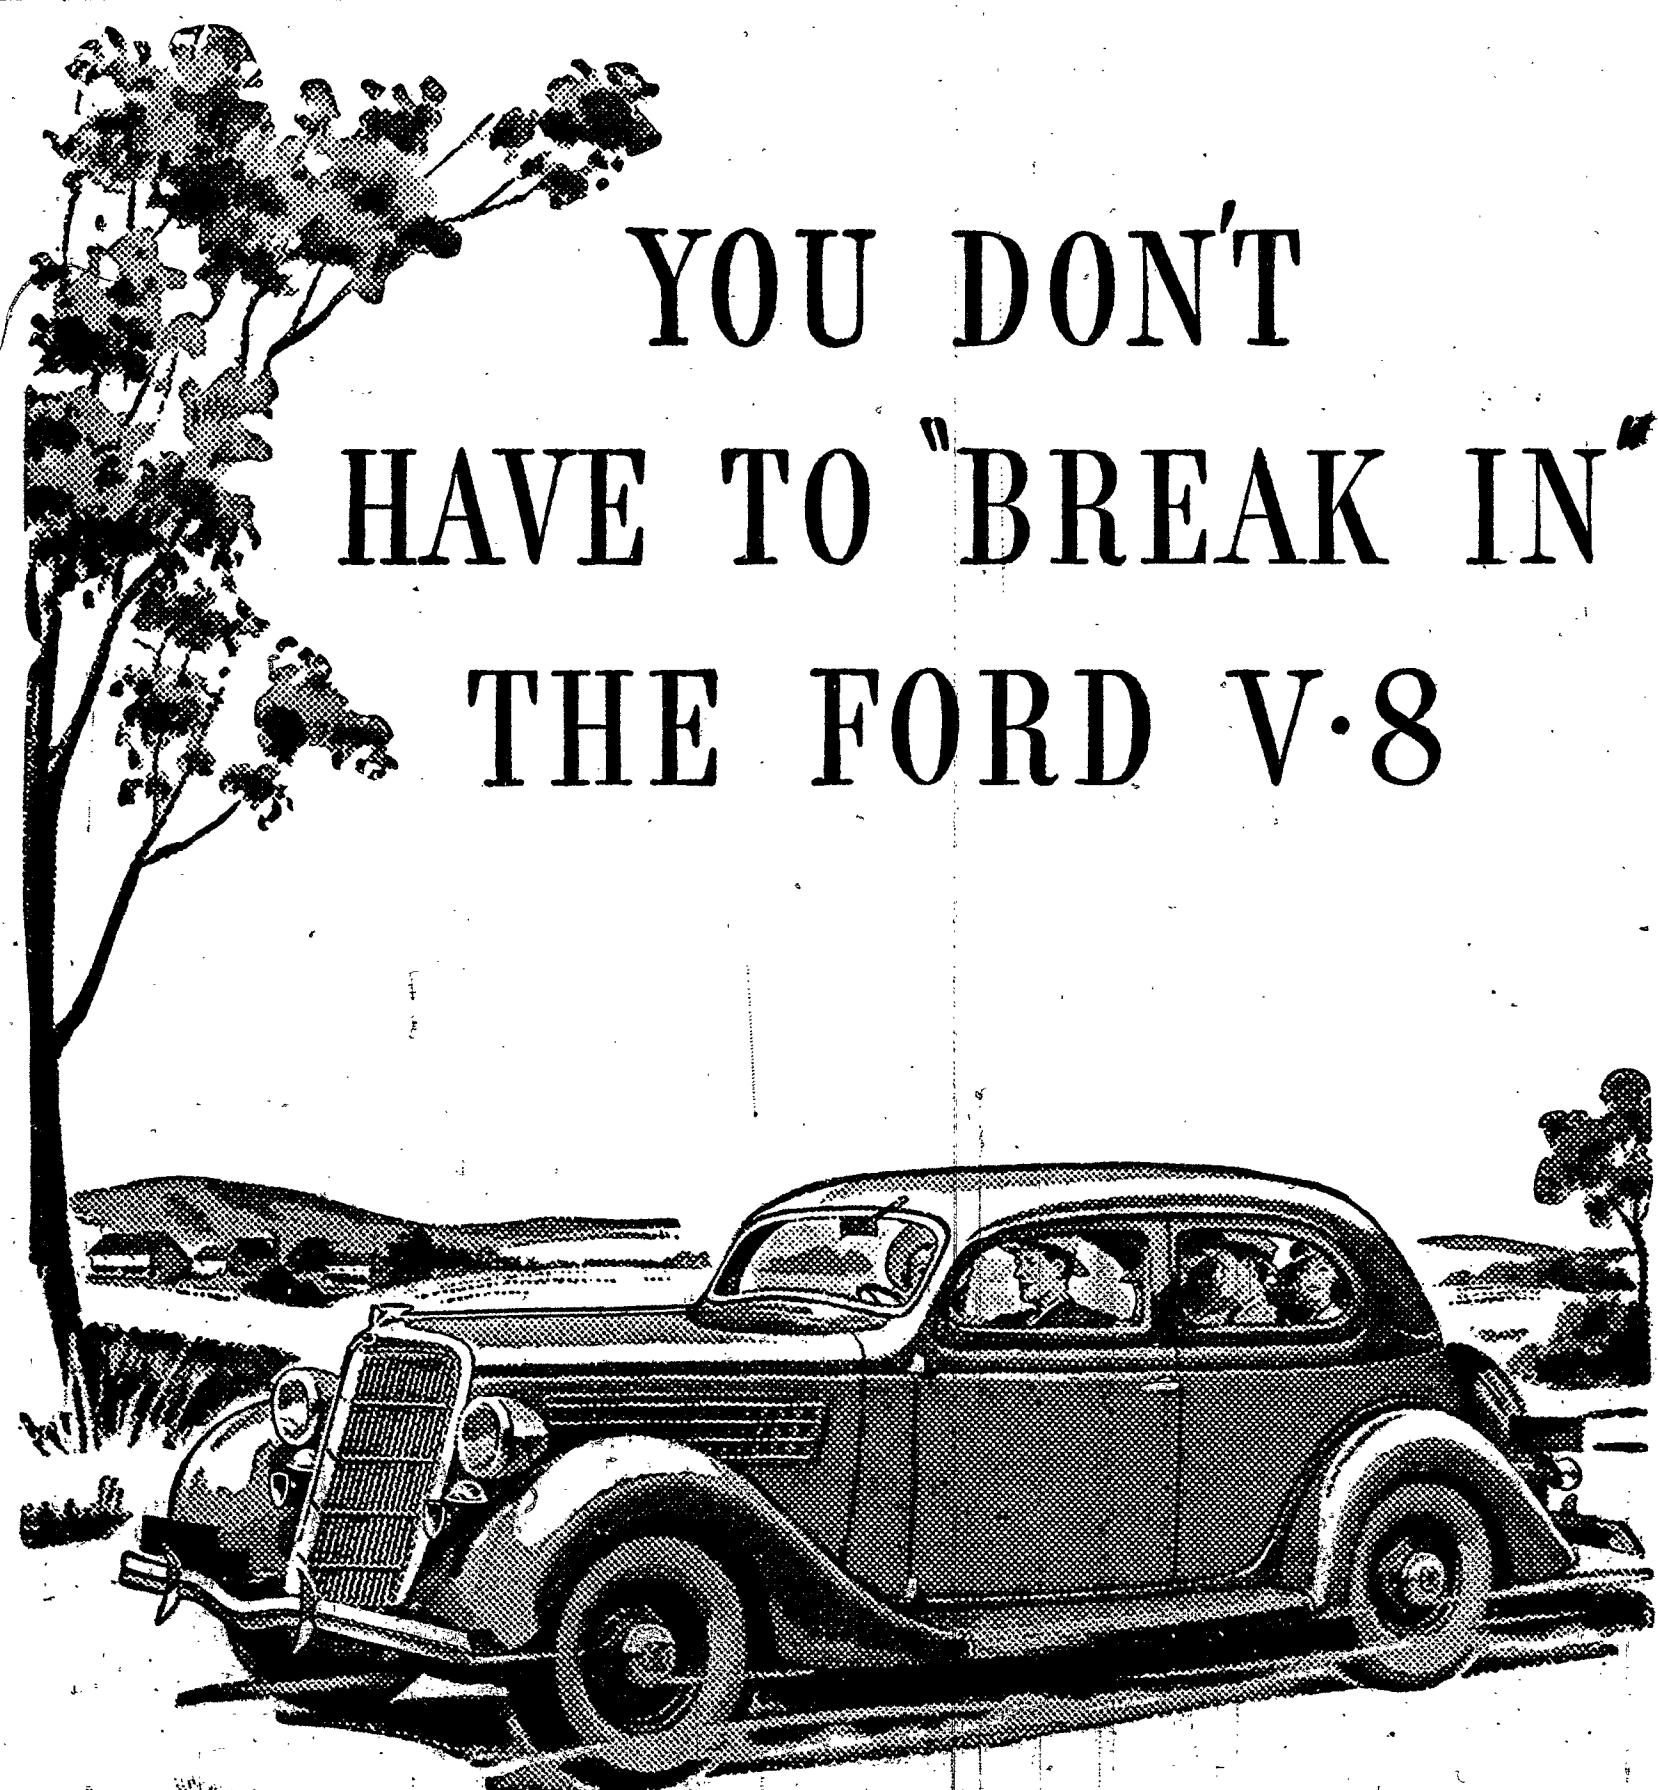

Whereas, default has been made in the performance of the conditions of said deed of trust, and the holder thereof has declared the entire indebtedness secured thereby fully due and payable and has requested the undersigned to sell said lands in accordance with the power contained in said deed of trust.

Now, Therefore, notice is hereby given that the undersigned will, between eleven o'clock in the forenoon and four o'clock in the afternoon, on the 9th day of September, 1935, at the North door of the County Court-house in Bay St. Louis, Mississippi, offer for sale and sell to the highest bidder for cash the following described land in the aforesaid County and State, to-wit:

East half of the northwest quarter and the east half of the southwest quarter section 17 township 5 south of range 15 west.

The undersigned is advised and believes that after the aforesaid trust deed was executed the property hereinafter described was conveyed to E. J. Stockstill; and that thereafter said property was conveyed to W. G. McCrimmon, who is the present owner thereof, subject to such rights, if any, as are presently outstanding under a mineral lease of said lands thereafter conveyed to Homer P. Lee, who thereafter assigned said leasehold rights to the Texas Oil Company, which is presumably the present owner thereof.

R. L. GENIN,  
Trustee.

# YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

The Ford V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

# FORD V-8

## MISSISSIPPI'S STATE SUPT. OF EDUCATION-ELECT EUGENE PERALTA IS GRAVELY HURT AT SWIMMING BEACH

J. S. VANDIVER

### TO THE PEOPLE OF MISSISSIPPI

I am deeply grateful to the people of this state for the splendid support given me in my race for State Superintendent of Education. I shall dedicate myself wholeheartedly to the sacred duty of serving the public school of Mississippi the best of my ability.

I commend Superintendent W. F. Bond's fine spirit in withdrawing from the second primary in order to prevent discord and strife among the people in the interest of their schools. I appreciate his offer to cooperate with the new administration. The campaign is over. No partisan feeling should exist.

To my campaign manager, J. M. Bryant, to my personal friend, M. E.

Moffitt, to the office force in my campaign headquarters, to all former students and faculty members, as well as all other loyal friends who worked actively for our cause throughout Mississippi, I wish to convey my heartfelt thanks. It has been a source of wonderful inspiration to me to have such co-operation and faithful work.

It has been my pleasure during the past few months to meet thousands of you personally. I hope to deepen this acquaintance with you into friendship. I shall always welcome your counsel and advice so that we may work together harmoniously for our greatest educational welfare.

Yours for service,  
J. S. VANDIVER.

## WILL ROGER'S NEW SCREAMINGLY FUNNY FILM SUNDAY-MONDAY

At A. & G. Theater—Get Ready To Laugh—Fun Galore

Strike up the laughs for Will Roger's new fun cyclone "Doubting Thomas," opening at the A. & G. Theater. You'll hold your sides as Will tries to hold his wife in this rib-roking story about a thunder-struck husband and a stage-struck wife which was adapted from George Kelly's stage hit, "The Torch Bearers."

Reports from other cities have audiences rolling in the aisles of the theater at Roger's new wisecracks in the role of a simple, home-loving sausage manufacturer, whose calm world is tossed into a turmoil when his wife, Billie Burke, goes theatrical. She appears in an amateur charity show and if the A. & G. Theater audiences hold on to their seats, it will be more than audiences in other cities have been able to do.

You'll laugh your fill when Billie Burke, under the influence of Alison Skipworth, who plays an amateur impresario, wants to make a career of the stage until Rogers finally effects a cure by hiring a bogus Hollywood director to tell the amateur group what he thinks of their screen tests after which Will surprises everyone with a sequence which can be chalked down as one of the highlights of all Rogers' films.

### Oh! Oh!

Voice on Phone—John Smith is sick and can't attend class today. He requested me to notify you.

Professor—All right. Who is this speaking?

Voice—This is my roommate—M. I. T. Voo Doo.

### Gob Humor

Downes—What would your wife say if you bought a new car?  
Shaw—Look out for that traffic light; Don't hit that truck; Why don't you watch where you are going? Will you never learn? And a lot more like that.—Pennsylvania Keystone.

### Beyond His Control

Girl (to kennel-man)—When you sold me this dog you said it would grow into a magnificent Russian wolfhound.

Kennel-Man—Can I help it if the Five-Year Plan failed?—Denver Post

Old Maid—Has the canary had its bath yet?

Servant—yes, ma'am. You can come in now.—Boston Evening Transcript.

## Women Who Have Pains Try CARDUI Next Time!

On account of poor nourishment, many women suffer functional pains at certain times, and it is for these that Cardui is offered on the record of the safe relief it has brought, and the good it has done in helping to overcome the cause of women's discomfort. Mrs. Cole Young, of Louisville, La., writes: "I was suffering with irregular periods, a lot of pain which made me nervous, I took Cardui and found it helped me in every way, making me regular and stopping the pain. This quieted my nerves, making my health much better." If Cardui does not benefit you, consult a physician.

## THE ECHO'S COOKING CLASS

DURING the World War we heard a great deal about saving food. Waste was to be avoided by using left over foods. Many of us worked out recipes that were even more delicious than those made when the food was first cooked. Be sure your leftover dish is palatable and does not have a warm over taste.

### Ham and Cheese Patties

1 cup grated American cheese.  
1/2 cup ground cooked ham  
1 teaspoon dry mustard  
Dash of cayenne  
2 egg whites

1 1/2 teaspoons flour  
1 egg yolk and bread crumbs  
Combine ham, cheese, seasonings and stiffly beaten egg whites. Form into patties. Dip in egg yolk, mixed with 1 tablespoon water. Roll in crumbs. Repeat. Dry five minutes. Fry in deep fat.

### Chicken Pie

Cream left over chicken and put in a shallow casserole. Prepare baking powder biscuit dough, roll 1/4 inch thick, cut in rounds. Heat the chicken to boiling point in an oven 450 degrees. Remove the biscuits. Bake 12 to 15 minutes or until biscuits have browned.

### Mock Sausage

Put 3 cups of cold cooked butter beans or peas through a strainer. Add 2-3 cups of bread crumbs, 2 tablespoons melted butter, 3 beaten eggs, salt and pepper to taste. Shape like sausage, roll in bread crumbs, egg

## PRINTING

FINE printing means fine correspondence, whether it's personal or business. It helps to make and hold contracts, it is impressive and dignified. Use printed communications and you will establish new contacts. Prices are low now.

## WELL KNOWN PASS CHRISTIAN MAN DIVES IN SHALLOW WATER AT OWN PLACE

Eugene Peralta, former member of the Pass Christian aldermanic board, suffered serious injury last Sunday night when he dived into shallow water at the Henderson Point Sand Bar Bathing Beach and is at the King's Daughters Hospital at Gulfport where his condition was said to be grave.

Mr. Peralta, for 12 years a member of the Board of Aldermen of his city, has a wife and six children and is one of the city's most prominent citizens.

He has been operating the bathing beach where the accident occurred and decided to go swimming following the close of a busy day at the bathing resort, it was said, but apparently failed to notice that there was a low tide and dived into shallow water striking his head against the hard sandy bottom, it was said.

He was rushed to his home and later to the hospital and friends said that he suffered serious injury to his back.

and bread again. Brown in a frying pan with a small quantity of hot fat. Serve with chili sauce.

### Asparagus Omelet

2 tablespoons butter  
2 tablespoons flour  
1 cup milk  
1/2 teaspoon salt  
6 eggs  
3-4 cup cooked diced asparagus  
Pepper

Melt the butter, add the flour and stir until a smooth sauce is formed. Separate the eggs, beat the yolks thoroughly and add to the sauce. Fold in stiffly beaten egg whites. Add pepper to taste and pour into a heated pan containing 2 tablespoons of butter. Bake in a slow oven for 25 minutes. Serve at once with a tart jelly.

### Scalloped Corn and Ham

Place 1 cup of cooked corn in a buttered baking dish. Spread over it 1-4 cup of cracker crumbs and 1/2 cup of cooked ground ham. Dot with butter and sprinkle with salt. Add another cup of corn and spread with 1/4 cup of cracker crumbs. Sprinkle with salt and pepper. Dot with butter. Pour over it 1 cup of milk and bake 30 minutes in an oven 325 degrees.

### Potatoes and Eggs

Make mounds of mashed potatoes in well greased muffin rings. Scoop out the center. Put in bits of butter. Break an egg into each mound. Dot with butter, add salt and 1 tablespoon of milk. Bake until eggs are set.

Because of the interest being shown in our new rates and the service opportunities they present we are reproducing the following advertisement run before the rate became effective.

## NEW PROMOTIONAL RATE FOR URBAN RESIDENTIAL SERVICE

The promotional rate is much lower than the present rate. It offers to any customer, who wishes to increase his use of electricity or to further electrify his home, an opportunity to do so at unusually low prices for all the electricity he uses. In order to apply the promotional rate for any month after July 1, 1935, it is necessary to know the amount of electricity you used for the same month during the 12 months previous to July 1, 1935, this amount being your "base consumption" for that month. For example: If you use 70 kilowatt hours for any month after July 1, 1935 (and your "base consumption" for that month was 70 kilowatt hours) your bill will be figured on the present rate and will be \$4.30. (See Column A below). And for this \$4.30 you are entitled to use as much as 14 kilowatt hours additional at no extra cost or 84 kilowatt hours in all. (See Column 2). Suppose, however, that you added an electric range which consumes on the average about 130 kilowatt hours monthly. You would then exceed your 14 extra kilowatt hours... in fact, you would use 70 plus 130 or 200 kilowatt hours. Hence you would be billed for the entire 200 kilowatt hours for this month on the promotional rate and your bill would be \$6.62. (See Column 3). In this particular case it would cost you only \$2.32 to operate your range for the month. You can thus see that it is to your advantage to qualify for the promotional rate. First... you gain the added comforts and conveniences of modern electrical household appliances. Second... you enjoy a lower rate for these services. Third... whatever else you add in the way of electrical equipment also comes to you at this lower rate.

### Notice to Our Customers

A	1	2	3
Rate Consumption Cost on Present Rate	KWH Base Consumption For Month	Additional KWH Over Base Consumption at No Additional Cost	Cost on New Promotional Rate When Earned By Increased Use
\$1.00	1 to 11	—	\$1.00
1.28	12	1	1.00
1.02	15	2	1.17
1.45	17	3	1.28
2.10	20	4	1.44
2.13	25	7	1.72
2.40	30	7	1.99
2.95	40	7	2.54
3.50	50	7	3.09
4.30	70	14	4.02
5.35	100	36	4.62
6.35	140	46	5.42
7.35	180	79	6.22
7.85	200	99	6.62
9.35	240	119	7.87

**MEMORIAL**

In loving memory of our Mother  
**MRS. JOSEPH HEMMERSBACH**  
Died August 17, 1934

We do not forget you, Mother,  
Nor do we intend,  
We think of you often, and will  
Unto the end.

You waited for a cure, which was  
All in vain.  
But the world's weary troubles  
And suffering are past  
Since God called you home,  
To suffer now no more.

Yes, this our great loss  
Was heaven's eternal gain.  
Peacefully resting, as long as life  
Lasts.

Where loving souls abide,  
As in days of yore,  
Waiting to meet Him, and be with  
All His heavenly friends.

'Tis there, we all hope, to be united  
again.

THE HEMMERSBACH FAMILY

—Mr. and Mrs. H. E. Bodet and son, Henry Jr., and Mr. and Mrs. J. W. Andre, all of New Orleans were the week end guests of Mr. and Mrs. I. Shiner, who have taken the Engle-man dwelling in Union street for the summer.

—Leavelle Ward, daughter of Mr. and Mrs. Carlyce Ward of Orange Grove, Harrison county, has returned home after a three weeks' visit with her paternal grandparents, Dr. and Mrs. D. H. Ward of Main street.

—Mr. and Mrs. Ralph Ragan and Ralph Ragan, Jr., returned home last week-end from their delightful visit to Mrs. Ragan's brother-in-law and sister, Mr. and Mrs. Ford at Nacogdoches, Texas. The trip was Mr. Ragan's vacation outing which he takes every summer.

—Mr. Chas. G. Moreau, accompanied by Mrs. Moreau, left on his vacation Saturday night over Southern Pacific for San Antonio, Texas, where he will visit relatives and also other points before returning home. Mr. and Mrs. Moreau are accompanied by Mrs. C. J. Chadwick.

—Mr. and Mrs. Harry Kirkpatrick and children are spending two weeks' vacation in Hattiesburg. Mr. Kirkpatrick is the efficient plant man of the local telephone exchange. In his absence Mr. Pullen of Gulfport is working as relief plant man here.

—Mrs. Henry Manzella with her attractive daughter, Miss Frances Manzella, is located at the Tulane Apartment for the balance of the season. Miss Manzella is the recipient of many flattering attentions from the Misses Mary and Jennie di Benedetto and other friends.

—Miss Alice Vivian Evans was hostess at a Michigan Party given last Friday night for her house guest Miss Elizabeth Allison of New Orleans. The guest list included besides the honoree, Miss Anne Edwards of New Orleans, Harold Temple of Sumrall, Miss. August McBride of Sumrall, Preston A. Long, Jr. of New Orleans and Alva Smith, Junior.

—Mr. and Mrs. O. T. Arnold, Mrs. J. J. Martin, Mrs. Arnold's mother, and Mrs. Arnold's son, Vincent Lagroue, motored to St. Tamary Parish, La., Monday, stopping at Shil-dell and visiting the beautiful Fish Hatchery located at Lacombe, La. The party then motored to Covington, combining business and pleasure.

—Mr. and Mrs. Cyril Glover of New Orleans are spending a two weeks' vacation visiting their relatives on the Coast including Mrs. Glover's brother, City Commissioner Grady Perkins and her sisters, the Misses Perkins; and Mr. Glover's parents, Mr. and Mrs. H. C. Glover. They will return home Saturday. Mr. Glover is connected with the Linde Air Products Company.

—Mr. and Mrs. Gerald Schlessman of Denver, Colo., were guests last week of Mr. and Mrs. George R. Rea of Washington street. This was their first Coast visit. They had been in Mexico City where Mr. Schlessman attended the international convention of the Lions Clubs where he went as delegate from the Denver Club. He is an investment broker in Denver.

**Personal and General****ANNOUNCING WEDDING OF MISS LOIS ESTOPINAL TO MR. H. MONTGOMERY, JR.**

Miss Lois Estopinal, who has been a frequent visitor to the Bay since childhood, is now visiting her aunt and uncle, Mr. and Mrs. Rene de Montuzin.

Miss Estopinal was graduated last year from M. S. College in Holly Springs, with signal honors. Her family expected her to return for a special classical course, but Dan Cupid stepped in and changed the plan to a life-course in domesticity. She will be married to Mr. Haywood Montgomery, Jr., a prosperous and progressive young business man of Shreveport, La. The wedding of this young couple is attracting widespread attention because of the charm, beauty, rare loveliness and splendid background of the bride-elect and because of the prominence, popularity and fine qualities of the groom.

The marriage will be solemnized in November at the home of the bride's uncle and aunt, Dr. and Mrs. John T. Crebbin in Shreveport, Rev. Dr. George Summey, Miss Estopinal's guardian and life-long friend officiating. Dr. Summey is not only a minister but is a noted professor of Theology at the Presbyterian Theological Seminary in Austin. He will journey to Shreveport to seal in marriage his beloved ward whom he christened when an infant and to whom he has been a wise and faithful guardian.

The young couple will make their home in Shreveport where a beautiful house is being prepared for their occupancy.

Prior to her marriage, Miss Estopinal is making a round of visits with her aunts, Mrs. H. R. Piccaluga, Mrs. Emil Du Buc, Miss Mattie Wood and her grandfather, Mr. L. N. Word of New Orleans. Mrs. Rene de Montuzin of Bay St. Louis and Mrs. Theo Combel of Mobile.

**ANNOUNCE ENGAGEMENT**

Mr. and Mrs. H. A. Davis of New Orleans announced in July the engagement of their daughter, Miss Dorothy Davis, and Edward M. Hoerner, son of Mr. and Mrs. E. W. Hoerner, also of New Orleans. The bridegroom-elect is a cousin of Mrs. F. Gager of Bay St. Louis. Both Miss Davis and Mr. Hoerner are known on the Coast where they spend their summer vacations.

**DAUGHTER BORN**

Mr. and Mrs. Charles A. Breath, Junior, are the proud parents of a fine baby daughter, June Breath, who made her appearance Wednesday night at the Breath home. The young lady weighed 8½ pounds and adds oodles of pounds of happiness in her newly acquired home. Uncle Charles Breath, the proud grandparent, is running around in circles and the happy father out shines him, doing everything but hand flips. Mrs. Breath was formerly Miss Mary Bourgeois, daughter of Commissioner and Mrs. W. L. Bourgeois.

Sales of "baby bonds" are said to be around \$1,000,000 a day. The Treasury has netted about \$120,000,000 through such sales.

—Ned Pitcher of New Orleans representative of the American Thread Company, was a commercial visitor to Bay St. Louis this week and while here was a guest of his uncle, George E. Pitcher and Mrs. Pitcher of North Beach Boulevard.

—A party composed of society favorites of Iota, La., will spend the balance of the season at the Bay. They are located in one of the Pahey cottages near the beach. Those participating in the party are Misses Marcelle, Julia Yvonne and Audre Menou, Margaret Stansburg, Ione Druit and Norma Clark of Iota and Miss Katherine Apply of New Orleans. They have been entertained by friends and also by friends of Mrs. E. J. Arceneaux who is a sister of the Menou girls.

**CARD OF THANKS**

To my Friends and Voters of  
Beat Three:

I take this opportunity of thanking you for your support in the first primary and want to state that I bear no hard feelings towards those who did not support me. I felt that I was qualified to hold the office of the Board of Supervisors and if elected I would have given you the best service I could for the interest of the people of my beat. Again thanking you all for your kindness and consideration during my campaign, I remain,

Faithfully yours,

OLLIE CUEVAS:  
Route 1, Box 700.**CARD OF APPRECIATION**

I wish to thank all the good people of Hancock county for the splendid vote they gave me in the first primary. I am in the second and I will appreciate your support again.

OTHO RESTER

**CARD OF APPRECIATION**

I am thankful that I have been chosen again to be your servant as Tax Assessor for the next four years as assure you I stand ready to serve you and yours with the same good courtesy as in the past. Expressing my greatest appreciation to the voters of Hancock County.

GEO. L. CUEVAS.

**Bay Mercantile Company****To The Voters of Beat Five.**

Ladies and Gentlemen:

I wish to thank each of you for the splendid vote given me in the primary of August 6, and again appeal to you to come out still stronger on August 27 and help assure my victory.

I realized that due to the fact that at least three of the other candidates for supervisor of Beat Five were my very close friends, it would be impossible to win in the first primary, in fact I expected my opponent that was left in the race with me to get many more votes than he did. Due to the fact that ninety percent of the voters who voted for the other gentlemen would have come to me had they not been in the race. Three of the gentlemen, who lost out in the first primary are now out for me whenever they can spare a minute of time from their own work. I appreciate their interest, and I feel that with their help and the good will of the people for any worthy man who has a family to support, that my victory is going to be a great success.

Again thanking you for your support and influence in the past and pleading with you for a continuance of your interest in my future, and assuring you that if elected I will do everything I can to help every worthy citizen and cause in this beat and county, I am,

Yours for service,

**T. ED KELLAR****Getting Material On  
Grounds for Addition  
To Local Hospital**

Material is being placed on the ground for beginning construction on the addition at the King's Daughters Emergency Hospital. Plans for the addition were started some weeks ago and members of the King's Daughters Circle which owns and operates the hospital have been engaged in financial arrangements looking to the construction of the

much needed expansion area. Within a very short time work of building is expected to begin, it was stated.

**TOUCHY!**

Conferees are touchy—the House holding company group refused to talk business because the Senators wanted an expert at hand to advise them and a few days later several Senators refused to meet unless a member of the House apologized for an assertion that angered the men of the Upper House.

**Who Owns  
The Telephone Company**

**M**ORE than eight hundred thousand people own the securities of the Bell Telephone System and most of these folks are small investors. No person owns as much as one-fifth of one per cent of the outstanding stock. The largest single stockholder, an insurance company, has less than one per cent and the average holding is only twenty-eight shares per stockholder.

Nearly half of the stock of the Bell System is owned by women, about two hundred and ten thousand of whom are housewives. There are about ninety thousand clerks and salespeople who have invested their savings in this business and thirty thousand manual laborers.

There are other thousands of farmers, merchants, professional men and others in every State of the Union who have placed their money and faith in the telephone industry. Trust funds for educational institutions, churches, orphanages, and homes for the aged, whose funds must be carefully guarded, have invested large amounts in this business.

No other company is owned by so many different people as is the Bell System.

It is this vast army of small investors who own the telephone business and it is these folks who have, by their sacrifice and saving, supplied the capital to build for you the world's finest and best telephone system. They own the telephone company.

Anything affecting the financial stability of this business directly affects them and the army of telephone workers who are devoting their lives to furnishing you the very best service possible during good times and bad, at a cost to you as low as possible, consistent with financial safety.

Today the Southern Bell company is able to earn about two per cent on the money invested in the State to furnish you telephone service.

J. C. HAY, Mississippi Manager

**Southern Bell Telephone and Telegraph Co.**  
(Incorporated)

**MY MANY Friends who  
helped reelect me Clerk  
of Courts have my everlasting thanks and gratitude for their loyal support.**

**A. G. FAVRE.****To The People Of  
Hancock County**

I am profoundly grateful for the splendid vote given me in my race for Sheriff and Tax Collector by the people of Hancock County. Your vote for the important office to which I aspire is the highest compliment that you could pay me, and I hope to so live among you and so serve you as to merit the honor and prove my appreciation.

A second primary is required between Mr. Monti and myself to determine the nominee. I have made and am still making a hard fight without any machine or faction backing me. I began my active campaign on the first day of July, giving me a very limited time to contact the voters. The limited time that I have in second primary will not be ample enough for me to visit each voter, but it is my desire to see as many as possible. My distinguished opponents were well and favorably known, three of them having formerly made successful campaigns. To have lead the ticket with strong opposition is an achievement of which I am proud, and for which I extend to you my sincerest thanks.

I approach the second primary on the 27th day of August with confidence and shall fight until the last vote is polled. I am not promiscuously offering jobs, realizing that an office of this kind cannot justify the employment of but one or two. I am not trying to win my office by offering positions that I cannot give.

If elected your Sheriff and Tax Collector I shall try to discharge my duties as such in the same manner that has characterized my life as a man and as a public servant.

**Horace L. Kergosien****Thanking the Voters**

I wish to take this means to express my sincere thanks to the good people of the Fortieth Senatorial District for the splendid vote given me on August 6th. I am indeed pleased with this expression of confidence from the people, which saw fit and gave me a nice lead at my home box, at the home box of my closest opponent and in each of the three counties forming the district. The official and final count showed that I liked less than 200 votes of receiving a majority of the votes cast, which will necessitate a second run off.

I am very appreciative of this splendid vote of confidence and am entering upon the second lap of this race still believing that the people are going to support the man that is the best qualified to render an honest and efficient service for the people. Your support, vote and influence is solicited.

Yours truly,

**FRANK B. PITTMAN**
